

Bass Strait Exclusion Zone Reminder

Esso Australia is a major producer of crude oil and gas in Australia. Esso operates 23 offshore facilities in Bass Strait, feeding a network of 600km of underwater pipelines to keep the oil and gas flowing, 24 hours a day.

In order to protect this vital infrastructure, please note that:

1. **A 500m Petroleum Safety Zone (PSZ) is in place around defined offshore facilities.** PSZ are specified areas surrounding petroleum wells, structures or equipment, which vessels are prohibited from entering or being present in. There are significant penalties, including imprisonment, for unauthorised vessels that enter or are present in the PSZ. For more information, visit the National Offshore Petroleum Safety and Environmental Management Authority website: [Safety zones | NOPSEMA](https://www.nopsema.gov.au/safety-zones)
2. **A 500m offshore water-side zone in place in around offshore facilities in accordance with Maritime Transport and Offshore Facilities Security Regulations.** A person must not enter or remain in an offshore water-side zones unless authorised by the operator. Under the Act, any breach of an offshore water-side zone must be reported by the operator to the Department of Home Affairs. For more information, visit <https://www.legislation.gov.au/Details/F2017C00632>
