

Invitation to Register | Pre Survey Briefing

ConocoPhillips Australia will undertake a three-dimensional (3D) marine seismic survey (the Sequoia 3D seismic survey) in Exploration Permit T/49P to enable assessment of the natural gas reservoirs in the eastern offshore Otway Basin. The survey will commence on approximately 20 August 2021 and be completed no later than 31 October 2021.

ConocoPhillips Australia invites any commercial fisher that fishes in or near the operational area to register for and attend a virtual pre-survey briefing.

Briefing Sessions:

- Wednesday 18 August 2021 7pm – 8pm
- Thursday 19 August 2021 11am – 12pm
- Monday 23 August 2021 1pm – 2pm

How to Register

Participants will need to register to attend a virtual session. Please email sequoia@conocophillips.com and include your name, current email address, preferred session and affiliate fishing association to receive your session link.
